

SCIENTIFIC PROGRAM, DAY 2

Saturday, Dec 3, 2016

Session-5, PLENARY-III, HEMATOPOIETIC STEM CELL TRANSPLANTATION		
Chairpersons: Pankaj Malhotra, Neelam Marwaha		
09:00 to 09:30 Hrs	T-7, Medhat Askar, USA	Emerging trends in hematopoietic stem cell transplant donor/recipient testing: From concepts to technology
09:30 to 10:00 Hrs	T-8, Dolly Daniel, Vellore	Haplo-identical transplants: the challenge of alloimmunization, antibody testing and donor choice
10.00 to 10.30 Hrs	T-9, Uma Kanga, New Delhi	Clinical relevance of non-classical HLA in transplantation
10.30 to 11.00 Hrs	T-10, Jasmeet Kaur, New Delhi	Lineage specific chimerism assessment: role in monitoring HSCT
11:00-11:30 Hrs	 Coffee Break & Poster Viewing	
Session-6, HLA and DISEASE- I		
Chairpersons: Sunil Arora, Zafar Amin Shah		
11:30 to 12:00 Hrs	T-10, Manni Luthra, Chandigarh	Protein misfolding and disease: understanding the link between HLA- B27 and ankylosing spondylitis
12:00 to 12.30 Hrs	T-11, Rajni Rani, New Delhi	Immunogenetics of Vitiligo
12:30 to 13:00 Hrs	T-12, Tapas Choudhary, Siliguri	KIR: Diversity and disease susceptibility
Session- 7, Free papers		
Chairpersons: Medhat Askar, Raja Rajalingam, Dimitrios Monos		
13.00 to 14.00 Hrs	T-13	Seven best abstracts for oral presentation (7 minutes each)
	T-13.1, Anutha Augustin, Vellore	Eplet Analysis: unrepresented alleles of SAB Luminex panel
	T-13.2, Aparna Sundaresh, Puducherry	Genetic variants and soluble forms of HLA-G in Bipolar disorder
	T-13.3, Gaurav Sharma, New Delhi	Genetic variation in APOBEC3H on HIV susceptibility
	T-13.4, Manish Rana, Chandigarh	HMW aggregates of HLAB27 heavy chains & spondyloarthritis
	T-13.5, Ranjana Minz, Chandigarh	Gene dose of HLA & Immune dysfunction in Type I diabetes
	T-13.6, Saheli Banerjee, Kolkatta	Donor KIR typing in outcome of allogenic HSCT
	T-13.7, Stalin Raja, Madurai	Inhibitory KIR lacking cognate HLA Class I ligands and protection against AIDS disease progression
14:00- 15:00	 Lunch	
15.00 to 15.30 Hrs	TS-1 Technology Session. <ul style="list-style-type: none">- Biogenuix (15 mins)- GenDX (15 mins)	ISHI General Body Meeting SEMINAR ROOM (4 th Floor, Research Block A)
Session -8, HLA and DISEASE- II		
Chairpersons: Rajni Rani, Uma Kanga		
15:30 to 15:50 Hrs	T-14, Ritu Aggarwal, Chandigarh	Drug induced hypersensitivity and HLA: Implications for personalized medicine
15:50 to 16:10 Hrs	T-15, Neeraj Kumar, New Delhi	Genetic variants mediating the risk of type I Diabetes in India
16.10 to 16.30 Hrs	T-16, Meenakshi Singh, Mumbai	Immunogenetic aspects of Leprosy
16.30 to 16.50 Hrs	T-17, Roonmoni Deka, Guwahati	Immunogenetics of Nasopharyngeal Carcinoma
16.50 to 17.30 hrs	Valedictory function and wrap up	
17.30 Hrs	 HIGH TEA and GOODBYE	

PL- Plenary; T- Talk; TS- Technology Session
